

NATIONAL PARK SERVICE
JUNIOR RANGER

Instructions

1. Print the first page on 11x17 cardstock for best results. Regular white printer paper will be too floppy for the "hat" to stand up properly.
2. Cut out all white areas of the design. Then, use a knife or box cutter to make vertical cuts along the red dotted lines below. Fold the "hat" forward to make it stand up.
3. Send me a pic - I'd love to see it!
